IMPROVEMENT AND EXPECTATIONS

Provide a summary of how you are looking to improve your organisations Safeguarding processes by using ParentShield. Also include any other relevant information that you would like us to keep on file.

SIGNATURES

Acknowledgement of agreement.

By signing this document, I confirm that I have the authority to make both purchasing and safeguarding decisions for the organisation, and to authorise additional spending beyond the standard website prices, up to and including the PRO Stage prices. These are detailed below for reference, and any necessary changes in prices will be notified in advance via the portal. I understand that this document will be kept on file, and the information provided will be used for any future orders and will remain valid for the future use of the care home. Any changes in the situation or the organisation's details must be communicated to ParentShield promptly.

SIM cards for Care Homes and Local Authorities

As ParentShield is used in a business capacity, there are additional costs incurred, such as child MISPER, training, handling multiple points of contact, compliance, audits, and more. The Pro Plans are specifically designed to cover all the costs involved. Children in care tend to have additional communication needs compared to children in a home situation, and our Corporate Parenting specialists are available to assist. Call us on 03301221180 to discuss SIM cards for children in care if required.

Pricing Bands

Details of ParentShield Pro tariffs can be found above. If usage is low, we'll try and honour the prices of the standard plans wherever possible. See the [FAQ for Children In Care](#) for more details about the ParentShield Pro Stage SIM cards

Secure and Compliant

No data are ever stored on the SIM card so if lost or stolen, no calling data are exposed.
