## SIGNATURES

Acknowledgement of out of scope agreement.

By signing this document, I confirm that I have the authority to make both purchasing and safeguarding decisions for the organisation, and to authorise additional spending over and above the standard website prices, up-to and including the PRO Stage prices designed for older children in care. These are detailed below for reference, and any necessary changes in prices will be notified in advance via the portal

## SIM cards for Care Homes and Local Authorities

ParentShield is designed for first time phone users aged 6-12, so use in a business capacity, or by users outside of the age range of intended application is out of scope, so pricing will be different to those specified for the standard plans.

Children in care tend to have additional communication needs compared to a child in a home situation, Our Corporate Parenting specialists are available on 03301221180. Give them a call to discuss SIM cards for children in care if required.

## Pricing Bands

Children in care being provided with mobiles tend to be older than the average ParentShield user and therefore the standard Unlimited and other monthly plans are often unsuitable. Details of ParentShield Pro tariffs can be found above. If usage is low, we'll try and honour the prices of the [standard plans](#) wherever possible. See the [FAQ for Children In Care](#) for more details about the ParentShield Pro Stage SIM cards

## Secure and Compliant

No data are ever stored on the SIM card so if lost or stolen, no calling data are exposed.
